

GENERAL TELEGRAMS.

Great Suffering in the Back Counties of West Virginia.

CHARLESTON, March 23.—Reports of great suffering in several of the back counties, among the people and stock for want of food, came to your correspondent, but not until today were the reports confirmed. A man who has traveled through Braxton, Gilmer and Calhoun Counties says: A few days' travel in the counties named has proven that destitution and suffering indescribable exist in many localities. People are on the verge of death from starvation, and the stock are no better off. People and animals are dying for want of food. The suffering is great in Rome and Jackson Counties. In some sections of Strickland's district people are subsisting on beans and gruel made from wheat ground in coffee mills, and great suffering exists in parts isolated from railroads, where supplies cannot be obtained. For miles a store can not be found, and those that are kept have scarcely enough on hand for the use of the proprietors' families. The low state of the wells and springs during the drought of last summer and fall sowed the seeds of disease. Many people are sick and it is very difficult to get medicine, and the situation all through the section named is dreadful. The crops were short last year, and suffering is beyond the comprehension of those who have not traveled through the mountainous regions. The wheat crop is short, and farmers in the stricken section are unable to procure seed corn.

Gresham Grants a Writ of Error.
CHICAGO, March 24.—Judge Gresham, in the United States Circuit Court, this morning granted a writ of error in the case of Mackin and Gallagher, convicted of election frauds. They were committed to jail in the sum of \$50,000 each and released from jail.

In reviewing the case Judge Gresham said that after examining the records of the District Court, he considered the questions raised sufficiently grave to warrant him in granting a writ of error which would also act as a stay of proceedings. The ruling, however, was not to be taken as an indication that he would overrule the findings of the District Court on the final hearing. In granting the writ he would feel it necessary to increase the bond of defendants to \$50,000. Chief McDonald, the gambler, qualified as clerk bondsman and testified that he owned \$500,000 worth of real estate unincumbered.

Lake Disasters.
GRAND HAVEN, Mich., March 24.—At a late hour last night Captain Prindiville, of the Grand Trunk propeller Michigan, reached here, and reports the loss of his vessel last Thursday. The steamer sank, being crushed by the ice; but all the crew were taken off by the tug Arctic, which was near at the time. The Michigan had been locked in the ice for nearly four weeks. The Captain reached shore from the Arctic on the ice. The Michigan was built in 1882, and was valued at \$145,000. Nothing is known of the Wisconsin's whereabouts, and since the above disaster became known grave fears for her safety are entertained. The Michigan was loaded with a small cargo, but both vessel and freight are believed to be fully insured.

Visible Supply of Grain.
CHICAGO, March 23.—The report of the Secretary of the Board of Trade, to be posted on 'Change to-morrow, will show the visible supply of the leading cereals in the United States and Canada on the 21st inst. to be as follows: Wheat, 48,452,849 bushels, a decrease of 140,168 bushels as compared with the supply on the 16th inst; corn, 7,374,464, a decrease of 721,901; oats, 2,709,386, a decrease of 248,609; rye, 340,038, a decrease of 24,810; barley, 1,140,757, a decrease of 141,998. The grain in store at Chicago at the same date was: Wheat, 15,810,903 bushels; corn, 1,674,978; oats, 543,563; rye, 136,626; barley, 58,792.

Safety Valve Plugged.
CHARLESTON, W. Va., March 21.—Workmen removed the debris in the Ruffner building, this morning, and found the body of George Welcher, porter, under the burst boiler. The others injured are improving. It was discovered that the safety valve of the boiler had been plugged with iron, it is supposed intentionally. Ruffner Bros' safe was opened prior to the day's work. All the books and \$1,900 in currency had been destroyed. The loss is much larger by the burning of Ruffner Bros' store and the safe than at first believed. It will run to about \$175,000, with \$18,000 insurance on the whole.

About Cattle and Cattle Growers.
ST. LOUIS, March 24.—Amos T. Atwater, Secretary of the National Cattle and Horse Growers' Association of the United States, received from F. K. Moreland, Vice President of the Association for the State of New York, the official weekly bulletin, to the effect that the weather of that State has been extremely cold, but to losses occurred among the cattle or horses; that so far as known there are no contagious or infectious diseases among cattle or horses, and that the very interesting coming event in live stock circles is the great public sale of Holstein and Jersey cattle, to take place in New York City in April and May.

Columbus Notes.
Special to the Sentinel.

COLUMBUS, Ind., March 23.—The wheat prospect over this entire county has never been worse than it is at the present time. Many farmers will plow up their wheat ground and plant it to corn. No oats have been sown yet, as the ground is still hard frozen.

The bar of Columbus met at the Court-house to day and passed resolutions of respect to the memory of the late Hon. W. W. Browning, who died at Indianapolis yesterday. The Masonic fraternity will go from here to attend the funeral at Nashville, Brown County.

Baltimore Elated Over Governor McLane's Nomination.

BALTIMORE, March 23.—The nomination of Governor McLane to the French Mission by President Cleveland, caused general gratification in Baltimore, and little else has been talked of since its announcement. There is no doubt of the acceptance. The President of the Senate, Henry Lloyd, age twenty-six, will be ex-officio Governor till the Legislature meets to fill unexpired term. Higgins' appointment is last sight in the great compliment paid to Maryland.

Arrested on a Charge of Poisoning.
PITTSBURG, Pa., March 23.—A Canton, O., special says Mr. Bamardine Wiggins and Joseph Fisher, of Osnaburg, O., were arrested and brought to jail here to-day, charged with

poisoning Henry Wiggins, whose body was found on a farm near Osnaburg last Friday. Foul play was suspected, and a post-mortem examination disclosed strong evidence of strychnine in the stomach. Fisher was absent to Osnaburg with Mrs. Wiggins and desert his children when arrested.

The Oklahoma Boomers.
KANSAS CITY, Mo., March 23.—The Times' Arkansas City correspondent telegraphs tonight a reiteration of the report that a large number of boomers from Texas and Arkansas, and from Coffeyville, Kan., are in the Territory, bound for Oklahoma. General Hatch went to Caldwell to-day, where the stockmen were to hold a meeting to consider the situation. No report has yet been received from the meeting.

Marriage or Suicide.
ST. LOUIS, March 24.—A Chattanooga, Tenn., special to the Post-Dispatch says: Last Sunday a young man, John Pearce, living at Rock Creek, this county, procured a marriage license to marry Miss Alice Penny. The young lady objected to having the ceremony solemnized on Sunday. Pearce became very angry and exclaimed: "Marry me, or I die." Miss Penny refused. Pearce thereupon drew a pistol and shot himself through the heart.

The Uprising of the Half-Breeds.
WINNIPEG, March 23.—Artillery, mounted police and volunteers are being hurried forward to Prince Albert and Carlton to suppress the Saskatchewan half-breeds and Indian uprising. The situation there is still critical, and serious trouble is imminent. The news from the scene of disturbance was meager to day.

Crushed and Instantly Killed.
PITTSBURG, March 24.—A Draddocks (Pa.) special says: "At the Furnace Stock-works of the Edgar Thompson Steel Works, this morning, a mass of iron ore, weighing many tons, fell from the elevator, twenty-five feet, crushing and instantly killing Nicholas Schurmerli and seriously injuring John Orndorf."

An Alleged Crook Shot.
Special to the Sentinel.

LOGANSPORT, Ind., March 24.—James Bridget, a notorious crook, was shot down by Elisha Maguire just south of the city at an early hour this morning. Bridget is alleged to have been stealing timber. The charge took effect in the groin and may result fatally.

Four Persons Burned to Death.
COLUMBIA, S. C., March 23.—George Green, a colored farmer, near Georgetown, was awakened at midnight by the smell of smoke. He arose and found his house burning. He saved himself and one child, but his wife and three other children perished in the flames.

Smallpox in Illinois.
SPRINGFIELD, Ill., March 23.—Information is received here that smallpox has broken out at Mount City, in Palaski County, and that there are fifty-one cases there. The outbreak is traced to the attendance of infected persons at a recent religious meeting.

Banker Fish's Trial.
NEW YORK, March 24.—The trial of Ex-President James D. Fish, of the Marine National Bank, continued to-day. The prosecution closed yesterday, and the defense opened this morning, and moved for a dismissal of the charges against Mr. Fish, on the ground that no offense had been proved.

Arthur's Last Appointment.
WESTCHESTER, Pa., March 24.—William Shields, appointed Postmaster at this place by President Arthur on March 3, committed suicide this morning by drowning. He was an old man, and became greatly worried over the intricate duties of his new office.

Nominations.
WASHINGTON, March 24.—Henry S. Muldrow, of Michigan, Assistant Secretary of the Interior. Wm. A. J. Sparks, of Illinois, Commissioner of General Land Office. Daniel McConville, of Ohio, Auditor of the Treasury for the Postoffice Department.

The Alaskan Boundary.
OTTAWA, March 24.—The Government is taking steps to determine the boundary between Alaska and British Columbia. The statement that Lieutenant Schwatka, or anyone else is leading parties in Canadian territory is denied.

"Where Was Moses When the Light Went Out?"
Special to the Sentinel.

LAFAYETTE, Ind., March 24.—An old resident of Lafayette named Moses Porter was accused for \$1,000 by two sharpers on Sunday last.

Shot His Uncle.
CARLTON, Mich., March 23.—Charles Merriott, aged twelve, and his nephew, Dan Merriott, aged ten, quarreled yesterday, and today Dan shot his young uncle. The result will probably prove fatal.

The Gould System and the Brotherhood.
ST. LOUIS, March 24.—The trouble between the locomotive engineers and Missouri Pacific Railroad officials was amicably arranged this morning.

War in Central America.
LA LIBERTAD, San Salvador, March 24.—President Barrios is advancing on San Salvador with 15,000 men.

An Improbable Story.
[Philadelphia Bulletin.]

"Jay Gould presented W. C. Whitney with a check for \$150,000," said a prominent Third street operator the other day, when it became known that Mr. Whitney was to be Secretary of the Navy in President Cleveland's Cabinet.

"At that time Whitney was quite a young man, and not a rich one, either, though his father was reasonably well off. He had just graduated from Harvard Law School, and looking over the charter of a certain railroad company he had discovered a flaw in it which made it absolutely of non-effect, and he carried that information to Jay Gould, giving it to him voluntarily, without any request for compensation. Gould immediately drew his check for the amount I have named, and Whitney was a rich man at a bound."

"Gould, I believe, sold the stock of the railroad very heavily, and made several times that sum by the operation for publication of the fact of the faulty charter broke the price down to almost nothing, and enabled him to cover his contract at very low figures."

Rheumatism is primarily caused by acidity of the blood. Hood's Sarsaparilla purifies the blood, and thus cures the disease.

AN OLD WOMAN'S REMEDY.

General Clingman's Tobacco Cure and Beverly Tucker's Cancer Remedy.

A pamphlet by General T. L. Clingman, of South Carolina, has just been issued, in which remarkable cures are set down as the result of the application of tobacco leaf. About every disease under the sun is said to have yielded to its charm. Chatting with a Southerner yesterday he said:

"Tobacco has been classed among the old woman's remedies ever since I can remember. Why, from boyhood I can remember its simple applications in various forms. When I got stung by a bee, my father, who was an inveterate chewer, would take a cud from his mouth and bind it on the wound. That was the end of the pain. If my eyes got sore they were bound up at night in the same position, and when I got a black eye in a fight one day I got the tobacco as well as a licking when I got home."

Beverly Tucker, of Virginia, said yesterday on the same topic:

"It is remarkable what tobacco will do, when applied as General Clingman directs. Why, it will even take a corn. Mills, of Texas, and John Hancock both tried it a short time ago for corns, and after two nights' applications they were able to pick the corns out with their fingers. Banions, too—these eternal ailments—are removed by it. General Clingman is remarkably well posted on its merits, and his little pamphlet will prove a valuable thing to the public."

The talk turning on General Grant's recent malady, Mr. Tucker said:

"Now, if it was cancer and external, we have a dead sure cure for it in Virginia—redwood bark. They found it fine and make a paste of it, which is applied like a poultice. It beats anything ever heard of. In fact, it's like the story Ned Burns used to tell of a fellow who was about to be tried for a criminal offense at Richmond. He sat in the back part of the room under bail. He had hired a scrub of a lawyer to keep him posted as to what was going on. Presently the Prosecuting Attorney got up and moved a nolle prosequi. The lawyer went back to the client and said:

"He's moved a nolle prosequi."

"What's that?" asked the accused man.

"Can't explain fully," said the lawyer, "but it just scrapes hell."

"And with that the fellow jumped the courtroom, straddled a horse and fled the town. When he got to Philadelphia he paid another lawyer \$5 to tell him what a nolle prosequi was. Well, redwood bark for cancer, and tobacco as a general remedy are like that nolle prosequi."

Hops as Climbers.
[Prairie Farmer.]

The common hop vine, grown as a climber, has long been used in places where it is desirable to cover considerable space. It is perfectly hardy, and not particular as to soil or situation, and readily kept within bounds by pinching, if in a more confined space. It may be safely recommended for piazzas, fences, outbuildings, or to hide old or partially decayed stumps of trees, and we have even seen it climbing a bare pole of great height, with the extreme ends dangling in the form of a lash, which by the "wayside inn" is quite suggestive to the wayfarer and his horse. The hop also has the good quality of growing readily even from the roots, which may be cut up into lengths of six inches or so and planted, with a certainty of thriving. Its only drawback is that its foliage begins decaying early in autumn, but the hops often hang in great clusters and partially make up for this deficiency. The hops may be gathered and employed for fermenting purposes.

Salvation Oil is an infallible cure for headache, backache, pain in the sides and limbs, and all rheumatic and neuralgic affections. It relieves pain and extirpates the disease that causes it. Price twenty-five cents a bottle.

TUTT'S PILLS
"THE OLD RELIABLE."
25 YEARS IN USE.
The Greatest Medical Triumph of the Age.
Indorsed all over the World.
SYMPTOMS OF A TORPID LIVER.
Loss of appetite. Nausea. Bowels constive. Pain in the Head, with a dull sensation in the back part. Pain under the shoulder blade, fullness after eating, with a disinclination to exertion of body or mind. Irritability of temper. Low spirits. Loss of memory, with a feeling of having neglected some duty, weariness, Dizziness, Fluttering of the Heart, Dots before the eyes. Yellow Skin. Headache. Restlessness at night, highly colored urine.

GRAY HAIR OF WHISKERS changed to a GLOSSY BLACK by single application of this DYE. It imparts a natural color, acts instantaneously. Sold by Druggists, or sent by express on receipt of \$1.
Office, 44 Murray St., New York.

BALL'S
HEALTH PRESERVING
CORSETS

The GILT CORSET made that can be returned to its purchaser after three weeks wear, if not found to every respect, and its price refunded by seller. Made in a variety of styles and prices. Sold by Druggists everywhere. Beware of worthless imitations. None genuine unless it has Ball's name on the bottom.
CHICAGO CORSET CO., Chicago, Ill.

BROWN'S IRON BITTERS
THE BEST TONIC.
This medicine, combining iron with pure vegetable tonics, quickly and completely cures Dyspepsia, Indigestion, Weakness, Impure Blood, Malaria, Chills and Fever, and Neuralgia.
It is an unfailing remedy for Diseases of the Stomach and Liver.
It is invaluable for Diseases peculiar to Women, and all who lead sedentary lives. It does not injure the teeth, cause headache, produce constipation—other iron medicines do. It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves Heartburn and Belching, and strengthens the muscles and nerves.
For Intermitting Fevers, Languor, Lack of Energy, &c., it has no equal.
The genuine has "E" trade mark and crossed red lines with "E" like no other.
Made only by DR. J. C. F. BROWN, BALTIMORE, MD.

Modern Science and Skepticism
What has Skepticism done for the world? Nothing but to suggest doubts. It has even suggested that Rheumatism cannot be cured. Skepticism is as bad as Rheumatism.
What has Science done for the world? A good many things; for instance, it has shown that Rheumatism can be cured.
It has shown that Neuralgia can be got rid of. Modern science has proved that Rheumatism is blood disease, and has provided ARTHROPHOROS as the remedy which can completely cure it. It has proved that although the old doctors failed to overcome Neuralgia, ARTHROPHOROS can reach, and eradicate it from the system. It has proved that though these tormenting diseases were so slow and obstinate, they can be overcome in a little while by means of

Arthrophoros!
Don't be skeptical. If you have any doubts as to what ARTHROPHOROS can do, write to some of those whom it has cured. For instance, Rev. S. R. Dennen, D. D., Pastor Third Congregational Church, of New Haven, Conn., the Rev. W. P. Corbit, pastor George St. M. E. Church, of New Haven, the Rev. J. E. Seares, pastor White St. M. E. Church, New York City, Mr. Brumwell, the well known candy manufacturer, of New York, Ex-Gov. Bigelow, of Connecticut, and many others, equally well known.

If you cannot get ARTHROPHOROS of your druggist, we will express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy from your druggist, but if he refuses to supply you, we will send you a bottle by mail, but order at once from us as directed.
ATHROPHOROS CO., 112 WALL ST., NEW YORK.

Watches Free!
HOW YOU CAN OBTAIN A WATCH FREE.
"The Waterbury."

The accompanying is a correct representation of our premium Watch. It is a stem-winder, is made of nickel silver, and will always remain as bright as a new silver dollar. It has a heavy beveled edge crystal face, its works are constructed of good material, and are made by the finest automatic machinery. Every watch is perfect before leaving the factory. All are thoroughly tested and adjusted, and can be honestly recommended as faithful time-keepers. They are just as represented, and are worth three times the price.

ANY ACTIVE BOY

Can easily secure one of these Watches by getting his friends to subscribe for the INDIANA STATE SENTINEL.

Following are our offers to agents:

For \$20 will send THE SENTINEL to twenty subscribers and a Watch free to the agent getting up the club.

For \$12.50 we will send THE SENTINEL to ten subscribers and a Watch to the agent forwarding the club.

For \$7.50 we will send THE SENTINEL to five subscribers and a Watch to the agent forwarding the club.

For \$5.00 THE SENTINEL to three subscribers and a Watch to the agent.

For \$2.50 THE SENTINEL one year and a Watch to any address.

Address,
